

GUIDED MISSILE AND ASTRONAUTICS INTELLIGENCE COMMITTEE

13 September 1961

MEMORANDUM FOR: Mr. Charles C. Flowerree

SUBJECT : "Nth" Country Working Group

1. At the GMAIC meeting of 8 September, the formation of subject Working Group was approved. You were selected as the first Chairman. The Committee agreed that formal terms of reference would not be required since the mission of the group is already well defined as the acquittal of the GMAIC responsibilities in this field.

2. The Working Group is not expected to meet on a regular basis but should meet as often as the evidence/analysis warrants. Additionally, the Working Group Members should on a continuing and informal basis provide a free interchange of "Nth" Country data.

3. As a first order of business, I believe the group should determine the assets of each Member Agency so that where possible responsibilities for specific countries or groups of countries can be allocated by mutual consent among the members. Care should be exercised to see that countries of potential but not immediate interest are included for coverage.

4. On call from GMAIC the group should be prepared to prepare appropriate draft papers.
